Dear Lady Margaret,

[indented] I wonder if you will remember me & if anyone has ever called you Lady Margaret before!?
[indented] Just in case you did not receive my last letters thanking you for your Xmas card – I *hasten*[?] to remind you that I wrote by return post – as I do now upon receipt [sic] of a most welcome package of Chesterfield Cigarettes – (in excellent condition) Razor blades, Cards, Soap, Candy and some Magazines. You are very generous and I thank you both very much for remembering me. I hope Mr Malval is settled down to civilian life again & that you will both always be well & happy.

[indented] God bless you –

[indented] Yours very sincerely,

John Crutchley.
