

Chadstone

SHOPPING CENTRE, MELBOURNE

Australia's first large scale Regional Shopping Centre

Chadstone Shopping Centre is in the middle of one of Melbourne's most rapidly growing areas. Today an estimated 400,000 people live within 15 minutes driving time. Easily accessible by car, train and bus, the Mall-style Centre is designed as a complete shopping city in the suburbs.

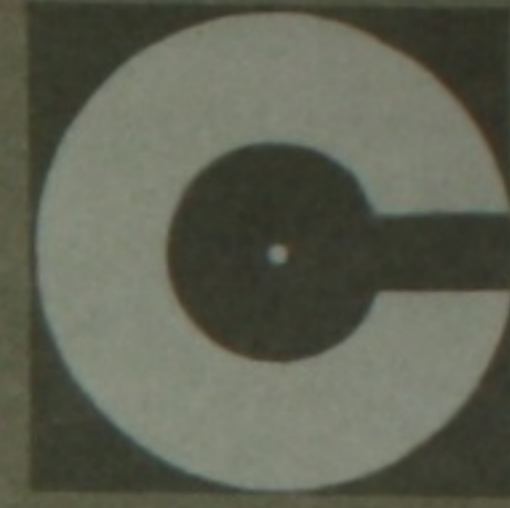

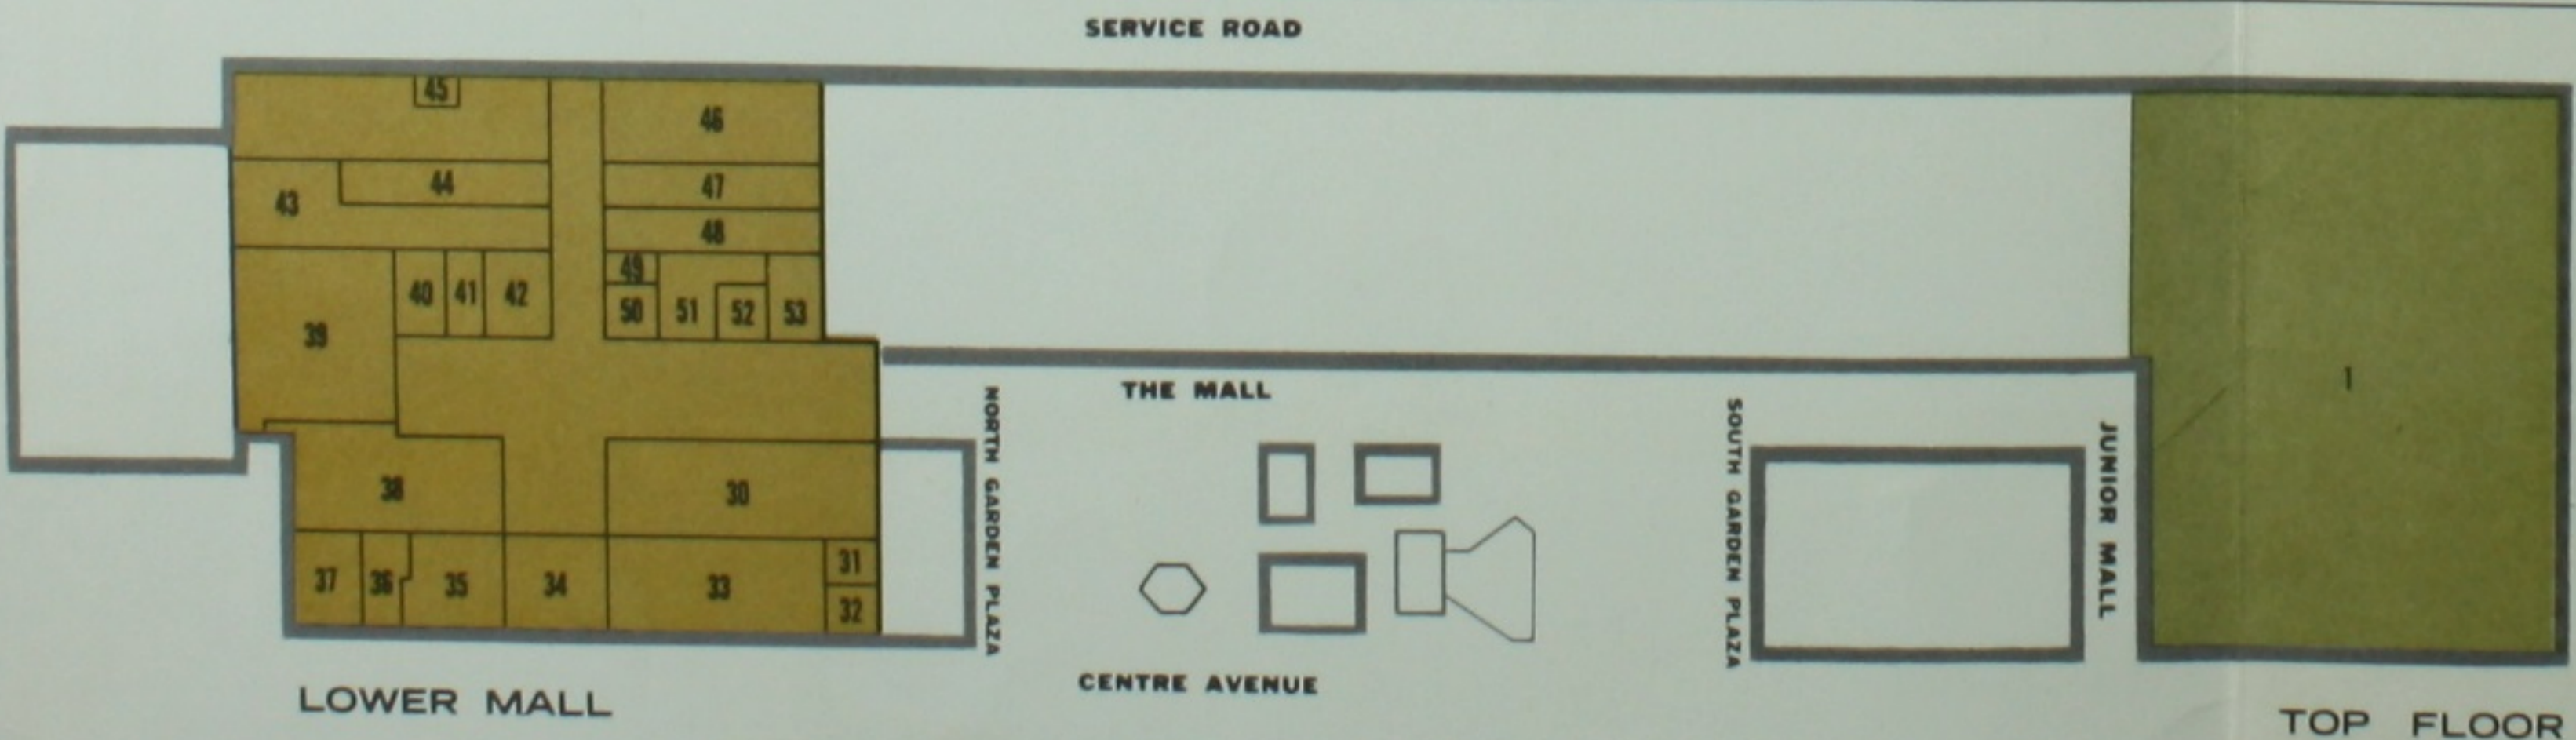

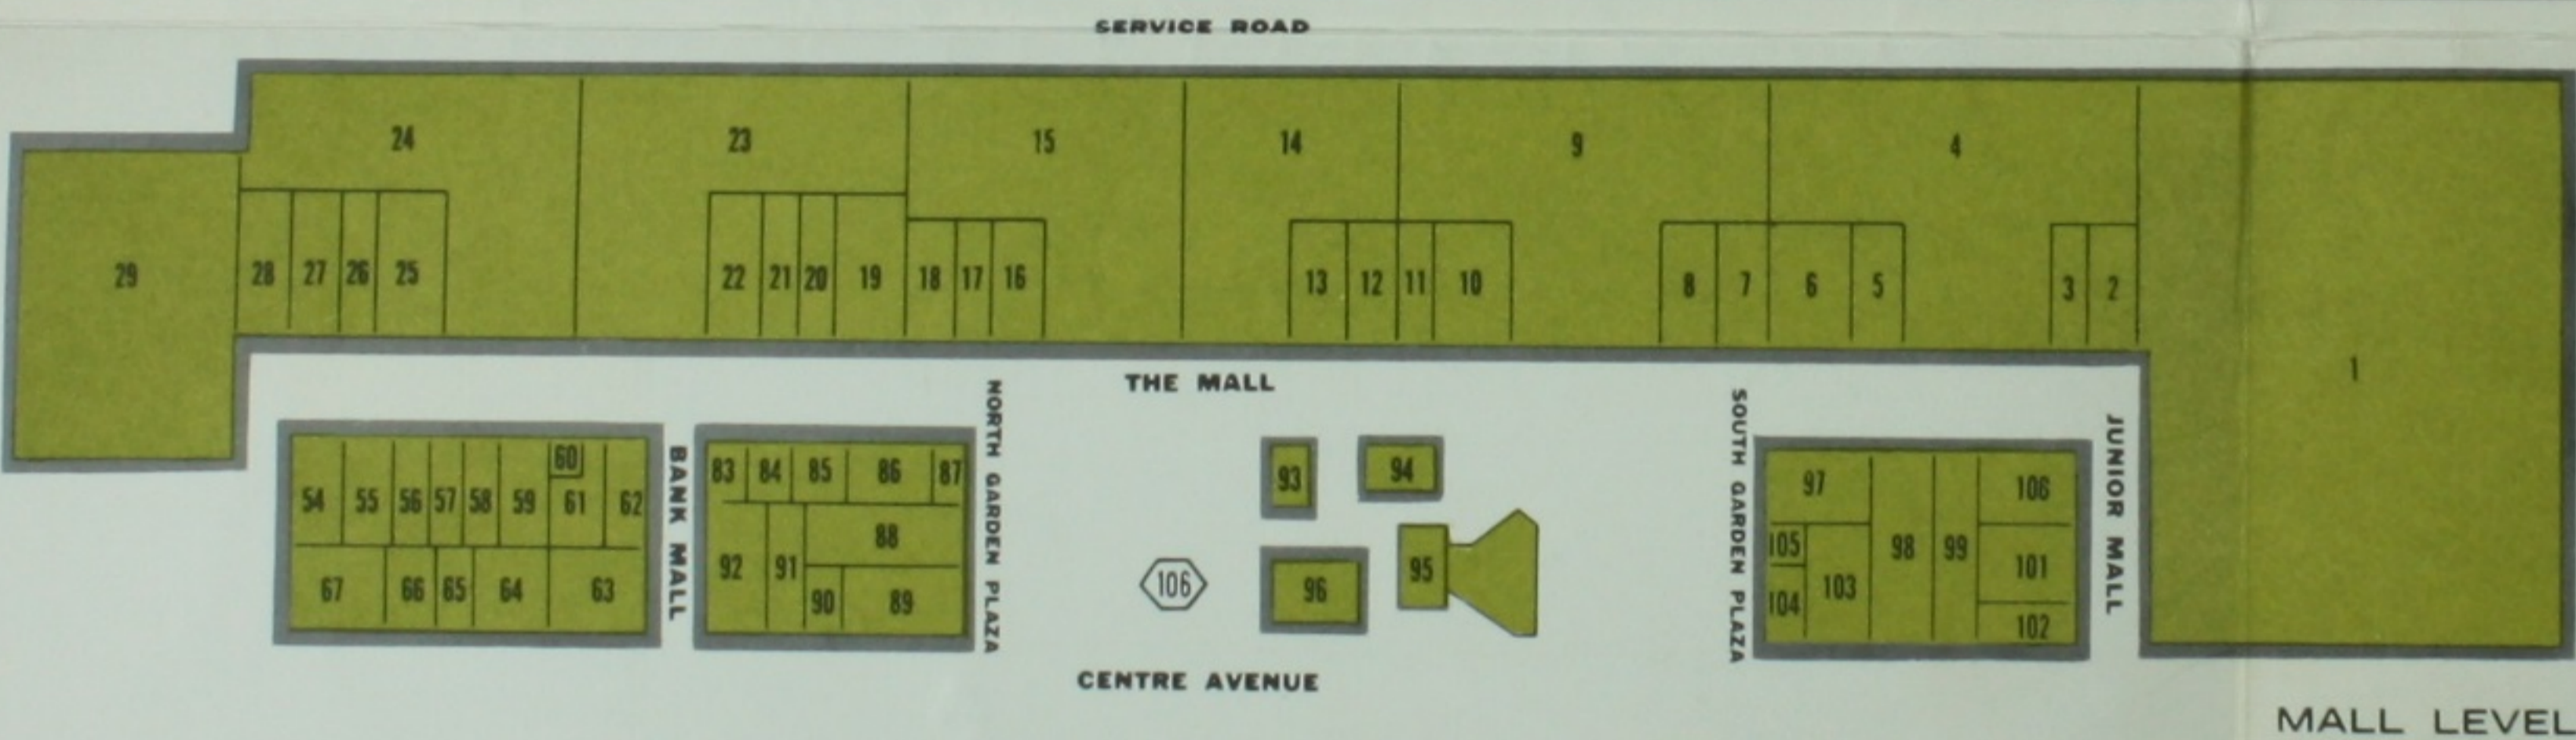

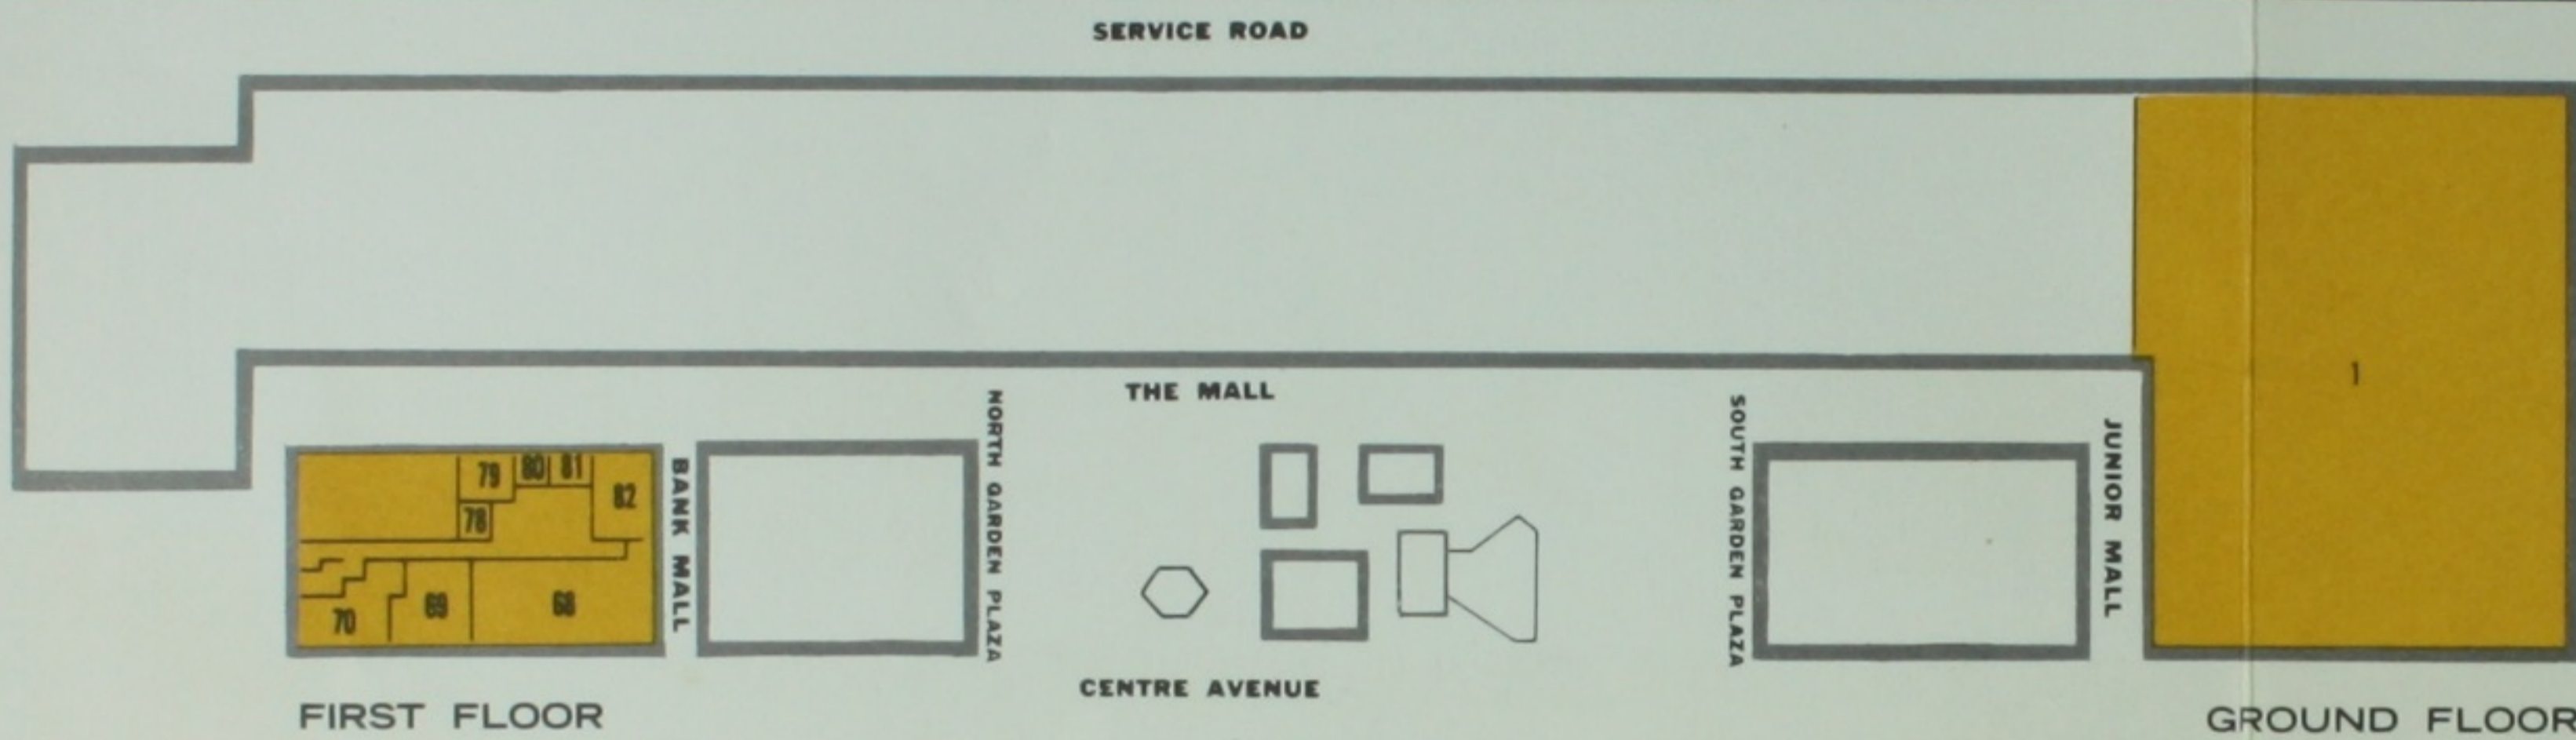

Seventy-three shops, including a huge department store, numerous services and professional people are the tenants of this one-stop-and-shop Centre. Thus shoppers will find practically their every need supplied in surroundings that are both attractive and informal.

Six entrances lead from the public roads into the Centre where there is free parking space for 2,500 cars. Four bus terminals and two taxi ranks are situated in the Centre.

A service road at the back of the Mall is for delivery and despatch exclusively, thereby eliminating possible congestion with shoppers' cars.

Seventy-three shops, including a huge department store, numerous services and professional people are the tenants of this one-stop-and-shop Centre. Thus shoppers will find practically their every need supplied in surroundings that are both attractive and informal. Six entrances lead from the public roads into the Centre where there is free parking space for 2,500 cars. Four bus terminals and two taxi ranks are situated in the Centre. A service road at the back of the Mall is for delivery and despatch exclusively, thereby eliminating possible congestion with shoppers' cars.

A garden square at the Centre's heart

The Garden Plaza—a green and pleasant oasis—is the very core of the busy Centre. Lawns, trees and shrubs surround the modern, all-glass buildings housing the florist, plant nursery and Exhibition Hall. Radio Chadstone studio—an intriguing, hexagonal glass erection—is another occupant of the Garden Plaza. Art, too, plays an important part at Chadstone and the Garden Plaza is further enhanced by decorative, contemporary statuary.
